WELCOME

We would like to extend a very warm welcome to everyone in attendance at the UTS Stadium this afternoon for this PITCHING-IN Northern Premier League East Division game.

Our opponents today are STOCKTON TOWN FC who arrive at the UTS Stadium after their relatively short journey from Teesside. "The Anchors" are enjoying a remarkable first season in the PITCHING-IN Northern Premier League East Division after their promotion from the Northern League at the end of last season. They are deservedly sitting in fourth position in the League Table, only two points behind current third placed Cleethorpes Town with a superior goal-difference and a game in hand. They look "nailed-on" to finish in a Play-Off position which would be a tremendous achievement after their meteoric rise through the Non-League System.

Their Team-Manager Michael Dunwell, his Assistant Manager JD Briggs and Back-Room Staff have assembled a formidable playing squad over the past few seasons. They have nurtured some excellent young players and have encouraged them to play an attacking style of football that produces goals from all positions. They also possess some outstanding strikers including Michael Roberts and Kevin Hayes who both figure in the Division's Top Scorers list.

Our visitors will be determined to get back to winning ways after they suffered a shock 2-0 defeat at Pontefract Collieries last week. Prior to that, they had been on an outstanding fourteen-game unbeaten NPL Match run, having won the previous eleven consecutive League games.

We also extend a warm welcome to our Match Officials this afternoon. Referee Martin Conroy travels from Peterlee and he is joined by his Assistant Referees Callum Black from Carlisle and Bernard Law from Kirkby Stephen. Our FA Match Observer today is Ted Ilderton who comes from Whitley Bay.

Let's all remember the Covid-19 Guidance. Keep a safe distance from each other so that we can ensure the safety of everyone.

Supporters old and new are very well appreciated and we hope you enjoy your visit to the UTS Stadium this afternoon. If you require any help or information about the Club and facilities, please do not hesitate to contact any Management Committee Member. Details of Part-Season Tickets, Executive Package, Club Merchandise, Concessions and Sponsorship Opportunities can be obtained from any Club Official or at the Club Office.

Let's look forward to a competitive match. Enjoy the game.

DUNSTON FC

Club history

The club first saw the light of day in 1975 as a humble works outfit when former Chairman, John Thompson, with some of his colleagues at HMSO on the Team Valley Trading Estate, decided to form a football team. The club joined the Newcastle City Amateur League playing at the Civil Service Sports Ground, Longbenton.

Early success inspired the club to progress and a piece of land was leased from Gateshead M.B.C. and the committee began to develop what is now the UTS Stadium. Hello The club were now gaining much success in the Northern Combination and with aspirations to progress further they approached the Federation Brewery to become the club's main sponsor.

With the Federation Brewery as their main sponsor the club joined the Wearside League in 1987 and after another period of success the club felt a need to seek new opportunities and an application was made to join the prestigious Northern League. The club had now realised one of its main ambitions and entered the National Pyramid of Non-League Football.

In its second season in the Northern League the club won the Second Division and was promoted to the First Division.

Since joining the Northern League the club has won the Second Division, been First Division Champions twice, League Cup winners on five occasions and JR Cleator Cup winners on five occasions. Included in these successes were back to back Northern League doubles in 2003/2004 and 2004/2005. A magnificent achievement.

Season 2007/2008 had seen the club lose the word Brewery from its name as sadly it lost the main sponsor. After a period of 18 years of continuous sponsorship the Federation Brewery was taken over by Scottish and Newcastle Breweries who continued to sponsor the club for a further two seasons and after a period of twenty years the club had lost its main sponsor and had no association with a brewery. In our hour of need two new companies became involved with the club to partially compensate for the loss of our main sponsor.

Dunston Van and Truck Centre became our home shirt sponsor and continue to be some to this day.

At the start of the 2008/2009 season UTS Engineering (Utility Technology Services), became involved by sponsoring the player's travel and training kit and during the close season of 2009/2010 they kindly agreed to become the club's principal sponsor.

The club name was changed from Dunston Federation F.C. to Dunston UTS F.C, the name of the ground was changed to the UTS Stadium and company owner, Mr. Shaun Sadler became Club President.

Arguably one of Dunston UTS FC's greatest achievements came in The FA Vase Final of 2012. In front of a crowd of 5,126 at Wembley Stadium, under the guidance of then Manager Billy Irwin, an Andrew Bulford brace ensured a 2-0 victory over Northern League rivals West Auckland Town.

On the 2nd April 2016 Dunston UTS celebrated their 1000th Northern League game. Prior to kick off on behalf of the club Malcolm James received an engraved plate from Northern League President George Courtney.

Building on the new-found momentum, Dunston continued in the same vein in the following season with a great run in the FA Cup, going out in the final Qualifying Round to National League neighbours Gateshead in front of a record crowd of 2,525 at the UTS Stadium.

The Club finished the 2018/2019 season as convincing Champions of the Northern League First Division, seventeen points ahead of their nearest rivals. Promotion ensued to the Northern Premier N/West Division but FA Regulations dictated that the Club Playing Name must not include any reference to a sponsor so the "UTS" was reluctantly dropped from the Club title before the new season.

Over the years the club has always recognised that success on the field must be coupled with success and hard work off the field and the efforts of the people behind the scenes at the UTS Stadium has ensured that the stadium is a credit to the club. Many of the committee of the club have been involved since it was founded in 1975, some as former players and some as management on

It is a tribute to their commitment and hard work that the club has become one of the most successful in the North East

Dunston UTS FC assistant Manager Jon McDonald provides his thoughts on our previous game away to Cleethorpes Town and looks ahead to this weekend's fixture, as we welcome local rivals Stockton Town to The UTS Stadium

Our performance was very good on Saturday, in my view we did enough to win the game, and we were disappointed to

concede so late on. The lads put in a really good shift in horrendous conditions and deservedly took the lead, we had hit the woodwork before that and were the dominant team throughout the game.

Saturday is a game we are really looking forward to. A game against a local rival who are in the play-off spots. Stockton have been on a great run, until last week, and we know what to expect from them.

We have proven this season we are a match for anybody in this division, and we will be doing everything to get a positive result. I hope there's a good crowd in to get behind the lads on Saturday.

In this interview we speak to Captain Craig Scott

Given the optimism at the start of the season, what are your thoughts on how this season has gone so far?

I think 'mixed' would be the best way to describe the season so far. As a team, we know we've lacked consistency at key periods which is reflected in our current league position but we've also shown at times just how good we can be too.

The team are working hard and we need to keep the momentum going until the end of the season now

With 10 games still to play this season, Dunston are 10 points outside the play-offs. Do you still feel that there's a chance of breaking into the play-off places come the end of the season?

As long as it's mathematically possible, we have to believe we can get into the playoffs - since the turn of the year I think we've been strong, and had recent results gone our way we'd be right up there as other teams above us have started to drop points.

As long as we focus on pulling in results, I think there's always a chance as other teams will continue to take points off each other.

The team went through a bad patch during December, dropping points against sides below is in the league. How difficult of a period in the season was that to endure and what was the mode like in the dressing room?

It was a really difficult time for myself and the team because we knew we could do so much better.

Confidence is a massive thing, and it was clear at times in December we were lacking in it due to the poor spell. The good thing for me was that it didn't turn into negativity in the dressing room - nobody wants to get beat, so we knew we just had to work hard and it would eventually turn.

Swaz has brought in Michael Fowler, Jude Swailes, Richard Coulson and Jake Turnbull. What's your assessment on how they've settled in and what they can bring to the team as there now seems to be a genuine strength in depth in the squad now?

They are all great lads who have settled in well both on and off the pitch, and like you say give us real depth to the squad.

Richie and Michael in particular have hit the ground running with important goals, and they give us another dynamic going forward with their pace. It was great to see Jude break into the team against Lincoln too, and you can see he's going to be an important player for us.

Walking Dunston UTS FC out onto the pitch today will be the U11 players from local Gateshead football club Wrekenton Nou Camp.

Like Dunston the team are currently fighting for promotion - albeit in Division 2 of the U11 Russell Foster Youth League.

They are no strangers to The UTS Stadium though with a number of the youngsters also being season ticket holders. The team itself is also supported by sponsors UTS Engineering Ltd who have kindly kitted out the boys in strips for the last couple of seasons.

After reaching the final of three local tournaments last summer, the young ballers are now looking to take their silky skills on the road. They are here today to continue their fundraising drive to attend the prestigious FlamingoLand tournament in the middle of May

“The Wreka Boys” are really excited about todays game and any donations towards their trip would be much appreciated.

They also reckon Dunston are going to win 4-1 today!

The Daniel Wilkinson Foundation is a charity set up in memory of Daniel Wilkinson who died in 2016 aged 24, while playing the game he loved, from an underlying heart condition called Arrhythmogenic Right Ventricular Cardiomyopathy (ARVC).

Dan played football from an early age and joined Hull City AFC when he was 10, earning a professional contract aged 18. Loughborough University followed where he completed a degree in Accounting and Financial Management while playing non-league football. He was an athlete who enjoyed the gym and took his health and nutrition very seriously. He lived life to the full and had so much ahead of him.

Other than feeling light-headed on a few occasions in the month before he died, he had no symptoms!

SUDDEN CARDIAC DEATH IN THE YOUNG (SCD)

- SCD is the leading cause of death in young athletes during sport and the majority of deaths occur with NO SYMPTOMS or family history.
- ARVC can be found in one in every 1,000 to 5,000 young adults - IF IT IS LOOKED FOR.
- Warning signs may include light-headedness, fainting, palpitations, swollen legs, breathlessness.
- Every week in the UK, 12 apparently fit and healthy young people (aged 35 and under) die from previously undiagnosed heart conditions.
- In Italy, where screening is mandatory for all young people engaged in organised sport, they have reduced the incidence of young sudden cardiac death by 89%.

OUR MISSION

The Daniel Wilkinson Foundation has been set up to raise awareness of SCD and to provide funding towards heart screening, defibrillators and CPR/defibrillator training primarily for grass-roots sporting teams.

Tragedies can be prevented through cardiac screening. It is vital that young people are identified and treated.

DUNSTON UTS FC

Stockton Town – Club History

Stockton Town FC was formed in 1979 under its original name, Hartburn Juniors. Although records around that time are sketchy, it would appear the club was formed by Derrick Small, who at the time was coaching youngsters from the Hartburn area of Stockton at the local YMCA. The club home colours of yellow/royal shirts & royal shorts established then, remains the same now.

Throughout the eighties and nineties Hartburn Juniors continued to grow and operate as a junior football club, competing in the Teesside Junior Football Alliance. The club from time to time had various bases around the town, but the early years of the new millennium saw a marked change in the club and a permanent base at Our Lady of St Bedes School on Bishopton Road West, Stockton.

It was felt by the members that the club's name didn't really reflect the area where most players came from. The club had grown and now had players who came from all over Stockton Borough so it was decided to change the name to Stockton Town Football Club. There was also a desire to resurrect a senior football team to represent the town of Stockton and it was felt this would create a great development opportunity for the whole club and provide to achieve this from grass roots through a junior football club was possible.

In April 2008, the club underwent a massive investment totalling £1.4 million pounds, which also saw a partnership with Stockton Borough Council, Stockton Sixth Form College and Our Lady & St Bedes School to develop the facilities at the site, building a new clubhouse and changing facilities. This development was the springboard for a further expansion for the club.

The next step was to introduce open age men's football to the club. Stockton Town had proved very successful in producing top quality young players that then from age 16 went on to play for various local non-league teams. The club decided it wanted to give these youngsters an opportunity to stay within the club, so in the 2009/10 season, Stockton Town entered a team in the Teesside League Second Division, using a mix of players from the outgoing and current Under-18s.

The first game in senior football was an away fixture at St Marys College, Middlesbrough, which ended in a 2-1 defeat. Having led the league for most of the season, they faded in the spring to finish fourth in their first season as a team. The club and the players were keen to progress and, in the summer of 2010, Stockton Town successfully applied for membership for the Wearside League for the 2010/11 season. The team struggled in the early part of their first season in the Wearside League, but an impressive run of results after the Christmas/New Year saw them finish a creditable 10th.

The improvement continued in 2011/12, with a third-place finish and a League Cup final appearance, losing 2-0 to Ryhope CW. In 2012/13, Stockton Town, with a squad made-up mainly of young, local homegrown talent, won their first trophy in senior football, clinching the Wearside League title with a spectacular run-in, winning the final 12 games to overhaul Willington FC in the last game of the season.

The following season, a second Wearside League title was won a little easier, but brought another cup final defeat to Ryhope CW. This heralded the start of a period of dominance in the Wearside League for Stockton Town's young, but maturing squad. In 2014/15, the Club completed the clean sweep of League title, League Cup, Shipowners Cup and Monkwearmouth Cup, a feat achieved only twice before in the history of the League. Unbeaten in all competitions, the team missed out on a 'perfect' season by losing their penultimate league game, away to Prudhoe. The next season saw a fourth-consecutive Wearside League title along with the League Cup and Monkwearmouth Cup back in the Bishopton Road trophy Cabinet. During this period the Club had been working to improve facilities to the required standard to gain promotion to the Northern League and after twice being thwarted at the last minute, promotion was finally achieved in the spring of 2016 and shortly after the club opened its stadium facility with a league game against Horden CW.

The 2016/17 season saw the unprecedented success continue in the club's first season in the Northern League Second Division by winning the League title and losing the Ernest Armstrong Memorial Cup Final to Northallerton Town on penalties. In a memorable first campaign in the Northern League, the club was visibly growing and topped the average attendance charts for Division Two (179). Stockton Town unbelievably had risen from an Under-18's team to Northern League Division One in just eight years.

The 2017/18 season saw a disastrous, almost terminal, start to the first season in Northern League Division One, turn into the season of a lifetime for everyone involved at the club. After losing the first eight league games, the team rallied to win 19 and draw one of the next 23 matches, a run that saw the Anchors climb the table to safety and also set up an exciting run in the FA Vase. The highlight of this was beating competition favourites West Auckland Town in the Fifth Round in extra-time of a thrilling game. Comparatively straightforward home victories against Stourport Swifts and Windsor FC set up an all-Northern League Semi-Final clash with champions-elect Marske United. An epic two-legged affair took place, with both games played on Stockton's home ground, ending with joyous scenes and pitch invasions from the huge 1,800 crowd as Stockton Town edged out Marske United 3-2 on aggregate to clinch a place at Wembley. Before that glorious day arrived, the Anchors got back down to business in the league and won six of the last seven league games to finish sixth, but miss out on a League Cup final, disappointingly losing at home in the Semi-Final after two terrific away wins at Morpeth Town and North Shields. The FA Vase Final was a day to remember and a fantastic occasion for the town and the whole of the Club, but despite a brave attempt the lads went down 1-0 against Thatcham Town, the memories will last forever.

After another good but at times frustrating season in 2018/19, the club made a series of key signings in the close season with a view to pushing for promotion to Step 4 and the proposed 'additional' East Division. The return of prolific striker Jamie Owens complimented a return to his roots for ex-Darlington star Tom Portas. Dan McWilliams arrived from Whitby Town and what proved to be just as significant was the capture of ex-Preston North End goalkeeper Callum Roberts, and young full-back Lewis King, who joined from Spennymoor Town after spending the previous season with Burnley's youth set-up.

It was the defence that was the foundation for what was building to be a season of a lifetime only for the pandemic restrictions to force the FA to end it prematurely and cruelly leave the Anchors with nothing to show for all their labours. They dominated the league campaign, losing just once and conceding a paltry 14 goals in 30 League matches. They were on a 20-game unbeaten run when the curtain was brought down, and the team were, pretty much, steam rolling their way to glory. Good runs in the FA Cup and FA Vase, along with a jaunt to the semi-final of the Durham County Cup, causing an upset against South Shields along the way, looked to merely punctuate what seemed to be a runaway promotion and title-winning campaign. Record crowds were seen no less than three times, with over 900 spectators attending the league fixture on Boxing Day in 2019 and an average of 500 for league games, which showed how far the club had come and almost certainly a four-figure crowd was inevitable before the final game. Memories of famous victories and an exciting season will live on forever but no official record of the achievements will be held.

As always, the club marched on and the Anchors signed Spennymoor Town midfielder Shane Henry and former defender Dale Mulligan re-signed for the 2020/21 season. With the bit between their teeth, Stockton went into the season wanting to pick up where they left off. The season itself began with a 2-0 win against Shildon in the FA Cup, but there were only 12 league games played before the UK went into another national lockdown in November 2020 – the Anchors were sitting second in the table with 27 points. Football did return, but it was the FA Vase and not the league as Stockton beat Charnock Richard 4-2 at home after a four-week break before losing out against Shildon in the next round of the competition. This turned out to be the final match of the 2020/21 season as the pandemic continued and meant no more football could safely be played. With over 40 games played across the two seasons, questions were being asked as to what would happen with the outcome of the season. The Football Association decided to combine the two seasons during their restructure of non-league football, meaning the Anchors finished top on points-per-game – therefore gaining promotion to the Northern Premier League for the first time in the club's history. Michael Dunwell and his side head into their first season in the Northern Premier League East Division full of belief that they won't just be there to make up the numbers, but compete with the very best in the league.

Stockton Town FC – Player profiles

Lewis McDonald - Lewis signed for the Anchors in the summer of 2021, and will provide competition for the number one shirt. An excellent background in non-league, the shot-stopper has previously played for Marske United and Billingham Town – and has played against Stockton Town for the latter.

Callum Roberts - Callum joined from Billingham Synthonia, where he spent one season with in the Northern League side. Before that, Callum spent six years of his youth career with Sunderland before joining Preston North End in 2014, where he spent two years on a scholarship and he went on to sign a professional contract in April 2017.

He was involved in the first team setup at PNE and also played a key role in helping the Lilywhites reach the FA Youth Cup quarter finals, making two saves in a penalty shoot-out against Everton. Callum also spent time on loan at Skelmersdale United in the Evo-Stik league. Callum is very mobile, agile, has good feet and has great hands, and brings a steely assurance to the defence.

Tom Coulthard - Tom is a product of the youth system here at Stockton Town. The defender broke through into the first team squad when he was 17 and has been an ever present since. A tough, strong, quick, thoroughbred of a centre half, Tom rarely gets ruffled or loses a challenge in the air or on the floor and has forged an impressive long-standing partnership at the back alongside captain Adam Nicholson. Tom has a decent scoring record for a defender and is also partial to scoring the odd free kick or penalty when called on.

Louie Hall - Louie is another player to have made the transition up to the first team from our Under-18 side this summer, and has certainly impressed both management and supporters alike with some great performances in pre-season. Louie is calm and composed on the ball, knows how to do both sides of the game very well, and can also get forward with ease.

Lewis King - Lewis was a member of Hartlepool United academy until 16. He then spent time at Burnley in their youth set up before returning to the North East and joining Spennymoor Town where he impressed with a string of solid performances for the Under-18s earning a call into the first team squad. Lewis is a great prospect, he's athletic and likes to get forward when playing as a full back but is very difficult to get past when defending and can perform equally as a centre back.

Dan McWilliams - Dan is a Stockton lad and after being released aged 16 from Middlesbrough Academy where he played in the Nike Cup winning side. He played for the Anchors for a season, but the talented left footer was taken into the Northern League by Billingham Synthonia and the following year he joined a very good Guisborough side.

The full-back moved with the manager to Whitby Town in 2015 and was a regular for the Evo-Stik Premier side. Dan is an athletic quick left sided defender who operates mainly at left back. He's technically excellent and a good passer of the ball, and also is comfortable in possession at either end of the pitch.

Dale Mulligan - Dale re-joined his brother Nathan at his hometown Club after a spell at Shildon. He played for the Anchors during their successful Wembley run in the 2017-18 season and won Manager's Player of the Year for some colossal performances, leaving for the Railwaymen early the next season. Dale is an old school centre half, big and strong with a great never-say-die attitude. He is a no-nonsense player, good in the air and loves a tackle, and always defends with everything on the line. His experience of the Northern League, and character, strengthens the squad further.

Adam Nicholson - Club Captain 'Adi' re-joined Stockton Town to play Under-18 football, and went on to make his senior debut in the first ever season of adult football in the Teesside League age 16 and now has notched up over 400 appearances for the first team. At 6'5", his strength is in the air, but his commitment to the team and desire to win are a major factor in a back four that has been so instrumental in the team's success to date. After missing most of the Wembley season with a serious knee injury, he fought his way back to be first choice again and was back to his dominant best last season. A good organiser and reader of the game, he's forged a formidable partnership with Tom that has now spanned eight seasons – and he also has an impressive goal scoring record for a defender.

Alfie Conway - Alfie is one of five Under-18 players to have impressed this pre-season and signed with the first-team ahead of their first season in Step 4. Brother of Sam, the midfielder shows experience beyond his age and is comfortable in possession and going forward.

Liam Cooke - Liam started his career with Middlesbrough, playing with their Academy, before joining Whitby Town on a dual-registration in August 2019, following a trial with the club. In December 2021, the midfielder joined Stockton Town on a permanent deal from Whitby, where he made 37 appearances. Cooke is a playmaker with an eye for a pass and can play either behind the front man or out wide, and knows where the back of the net is. He is also the brother of Bradford City attacking midfielder Callum Cooke.

Shane Henry - Shane's nickname 'The Bull' becomes clear when you see him play. He joins his hometown club after six seasons playing National League Football with Spennymoor Town who he joined from Whitby Town in 2014. He is renowned for his powerful midfield displays and tireless work-ethic on the pitch. Twice Managers' Player of the Year at the Moors his experience will be invaluable in the Anchors drive to climb the pyramid and he will become an essential cog in the midfield.

Nathan Mulligan - Nathan was with Middlesbrough FC until his release at age 18, when he joined Darlington FC and played in the Football League. He joined Stockton Town from Billingham Synthonia having previously played for Whitby Town, Marske United and Norton & Stockton Ancients.

Nathan's quality and experience was key on the road to Wembley in 2018 – in the FA Vase Final - and he wrote himself into Anchors history by tucking away the crucial penalty in the Semi-Final Second Leg against Marske. Nathan is a technically good, all-round player, mobile, deceptively good in the air and can play in a variety of positions, but operates mainly as an attacking or holding midfielder. He scores goals, is up there at the club for being a penalty expert and always contributes in every game.

Tom Portas - Tom started his career at Middlesbrough's youth academy leaving at age 15. He played for Stockton Town's successful U16s before being picked up by Guisborough where he received a lot of attention. He joined Evo-Stik League Whitby Town in 2011 and won three Player of the Year awards at the club in season 2012-13.

He signed for Darlington in the summer of 2014, and scored the goal of the season against Bamber Bridge. Tom starred in two consecutive promotions for the Quakers including winning the Evo Stick Premier Title. After missing most of the 2016-17 season with a bad injury, he left and spent last season at West Auckland. Tom is a mobile, all round, proven high quality, central midfielder who has a complete range of passing and dead ball skills.

Keelan Wright - Tall, technically gifted on the ball and also a real physical presence in the midfield, Keelan is one of five Under-18 players to have impressed this pre-season and signed with the first team for the 2021/22 season. The midfielder impressed during his time with the U18s, and was part of the side that got to the National Cup final last season, and will gain valuable experience at Step 4.

Peter Bulmer - Peter previously played at Guisborough Town in the Northern League, where he won the North Riding Senior Cup. He then joined Marske United and played his part in winning the Northern League Division One title in 2018. Pete is an intelligent footballer who can play a variety of positions, including full-back. He operates mainly as a wide attacker and with his pace, quick feet and close control he's very difficult to defend against as he can go inside or outside comfortably.

Sam Conway - Young forward who thoroughly impressed during his time playing for the Under-18s and made a great transition in the step up to the first team. Just like brother Alfie, Sam featured in pre-season for the Anchors and will look to make an impact this season.

Jonathan Franks - Jonathan started his football journey at Stockton Town when it was still 'Hartburn Juniors' before moving into Middlesbrough's Academy at 11 years old. He also represented England at International level from U15s through to U20s. Franksy started his career as a professional footballer straight from school at Middlesbrough FC and has since played for Hartlepool Utd, Oxford Utd, Yeovil, Wrexham and Ross County in the Scottish Premier League where he won the Scottish League Cup in 2016. For the past two seasons he has played in the Icelandic Premier League for IBV Vestmannaeyja and featured in the Europa League for them. Jonny is quick, two footed and technically very good, he can play anywhere in the forward line but usually in a wide position and can score and make goals.

Kev Hayes - Kev forced his way into the first team squad during the Northern League Second Division title-winning season in 2017 with a string of impressive performances for the Under-18s and then continued that form to cement a regular starting place. Kev is the type of player that spectators want to see on the ball as much as possible, a naturally gifted wide attacker, who commits defenders with a drop of the shoulder, can go past players at very close quarters and has rocket of a left foot. The winger can play on either side of the pitch and with his work rate and regular goals, he is a vital member of the attacking part of the team. After some mesmerising performances on the way to the FA Vase Final in 2018, he was voted North East Young Player of the Year by the Sunday Sun.

Gary Mitchell - The young forward impressed throughout pre-season and has signed with the first team ahead of the 2021/22 season. Gary was relentless in front of goal for the Under-18 side and is one of five players to make the transition up to senior football. The forward is composed and clinical in front of goal and offer the Anchors another option going forward.

Jamie Owens - Jamie returned to Stockton Town and is now in his third spell with the club. J'LO played his junior football for the club and starred for us in our first season as a senior side in the Teesside League, winning the clubs golden boot. Jamie brings a wealth of experience and has played for Newton Aycliffe, Billingham Town and Marske United, with whom he won the Northern League Division One title in 2015, and more recently playing in the Evo-Stik Northern Premier League. He is a powerful, quick striker with good feet and an explosive left foot shot. Like all top strikers, he scores all types of goals and has been prolific in the Northern League for many years.

Mikey Roberts - Mikey is a Stockton lad who had previously played at Guisborough Town, Spennymoor Town, Whitby Town and Marske United before returning home. He won the North Riding Senior Cup with both Guisborough and Whitby and then the Northern League Division One title with Marske in 2018. Quick, skilful and a good finisher with great technique, Mikey has a great work ethic and is always on the move and a nightmare to mark.

Nathan Steel - Nathan arrived from Shildon and is an experienced Northern League striker, who has had successful spells at several clubs. He won the North Riding Senior Cup with Guisborough Town and was also part of the team that won promotion from Division Two, he also won promotion with Synners in the same year the Anchors came up from Division Two. Nathan is a tall, strong, target man type of forward who has good technical ability too and gets regular goals.

MANAGEMENT TEAM

Manager – Michael Dunwell

Michael started his career with Hartlepool United before going on to play in non-league with several sides in the North East. He first joined Stockton Town at the end of the 2012/13 season, and he was part of the side that claimed their first ever honour in senior football – the Wearside League title.

He was appointed player/coach that summer and guided the team to the league title before being appointed first team manager in 2014. In his first season, the team achieved a clean sweep of trophies and in the following season, they gained promotion to the Northern League after securing their fourth-consecutive Wearside League title.

Stockton's rise continued with the Northern League Division Two title – at their first attempt – in the 2016/17 season, and the best was to come. A sixth-place finish in their first season in Division One went hand-in-hand with a trip to Wembley, something which Michael missed out on twice as a player, losing in the semi-finals. The incredible achievement was thoroughly deserved and the whole weekend of the FA Vase Final was something that will live with that whole squad for the rest of their lives.

The Anchors looked set for more silverware and another promotion in the 2019/20 season, but the COVID-19 pandemic meant all football was brought to a grinding halt and the season would be null-and-void. Nevertheless, Michael and the team bounced back and, in the summer of 2021, they gained promotion to the Northern Premier League for the very first time, finishing top of the table on points-per-game.

Assistant Manager – J.D. Briggs

JD Briggs joined Hartlepool United from school in 1996 and completed two years as a YTS before signing Professional forms in 1998. JD first joined the club as Michael Dunwell's assistant in ... and has been by his side for the last ... years.

Coach – John Fielding

John is a great addition to the coaching staff. With his professional playing experience his knowledge, he will be vital to the continued development of the first team.

Goalkeeping Coach – Jason Hamilton

Jason was a late developer and first played in the Northern League when he joined Billingham Town at age 30. He has been with the Anchors backroom staff for six years.

Physio – Sam Higgins

Sam is a hugely popular member of the first team staff. Having been with us right from the Wearside League days, he has developed into a top

Dunston UTS FC travelled to Cleethorpes Town for a Pitching-In Northern Premier League East Division fixture.

The two sides had shown impressive form since the turn of the year, with the home side unbeaten in 2022, with Dunston's only loss of 2022 coming away to Lincoln United last weekend.

The visitors started the day in 7th place and a win against a 3rd placed Cleethorpes Town was a must, as well as hoping that sides above them dropped points, if Chris Swailes side were to catch ground on the teams above them and somehow force their way into the play-offs.

Although Dunston are currently 10 points off the final play-off place, they do have a game in hand, and as Assistant Manager Jon McDonald mentioned in last weekend's programme notes, there is likely to be more twists and turns before the season ends.

Cleethorpes named recent signing Curt Morrison as a substitute, the former Chesterfield forward having joined from Gainsborough Trinity.

Dunston were without Terry Galbraith and Phil Turnbull, Jude Swailes returned to the starting XI, with Jake Turnbull starting from the bench and Dan O'Reilly named as a sub, having recently joined the club.

In difficult conditions and with a strong wind to contend with, the opening 20 minutes saw little in the way of clear cut chances for either side.

On 20 minutes Cleethorpes Town's Luke Lofts linked up with Brody Robertson, the pair playing a quick one two, only for the move lack the incisive finish. Dunston could've taken the lead on 28, a well worked move ended as Richard Coulson fired his shot over the bar.

The lively looking Lofts headed narrowly wide for the home side following a slick passage of play for the hosts. In a competitive first half of few chances, the two sides went into the break level as the game remained goalless.

The Owls had the woodwork to thank on 53 minutes as Liam Thear crashed his effort off the bar.

10 minutes later, an in-form Richard Coulson put Dunston into the lead, finishing superbly from a Michael Fowler assist.

The final 10 minutes of play saw a flurry of cautions, both Jude Swailes and Cleethorpes' Tim Lowe finding themselves in the book whilst Jake Stafford was somehow cautioned, having received a blow to the face from an opponent.

Despite the home side's best efforts to try and find an equaliser, they had been unable to carve out any threats of note against an indomitable Dunston defence. Alas 3 minutes into injury time, in what was their first effort on target, the home side denied Dunston a much needed win, as substitute Snelgrove fired an unstoppable shot beyond Connell to rescue a point.

Final score: Cleethorpes Town 1 (Snelgrove 90+3') Dunston UTS FC - 1 (Coulson 63').

Dunston UTS FC – Line-up: Connell, Baxter, Scott, Stafford, Swailes, Hall, Thear (O'Reilly), Coulson, Fowler, Pearson, Elliott (Porritt).

We look back on the last time today's sides met each other, which ended in disappointment for Chris Swailes' side as "The Anchormen" took all three points.

Stockton Town – 3
Owens (8'), Hayes (67'),
Mulligan (71')
Dunston UTS FC – 0

Dunston suffered their 4th straight loss of the season as they slumped to a 0-3 defeat away to newly promoted Stockton Town.

Chris Swailes' side have now failed to score in their last 3 league games as their worrying run of form continues.

Swaz made changes to the side that had lost away to League leaders Liversedge on Saturday; Captain Craig Scott returned to the side, having recovered from injury, whilst Michael Pearson and Matty Pattison were unavailable, Jake Stafford was on from the start with Liam Thear preferred in attack to Jack Elliott who started from the bench.

Dunston found themselves a goal down with only 8 minutes of the game played. Jamie Owens seized upon a rebound as Nathan Mulligan, who had caused problems down the wing throughout the contest, was denied from close range.

Dunston enjoyed good spells of possession and pressure during the first half, without being particularly threatening on goal.

Stockton keeper Callum Roberts had his crossbar to thank as Craig Scott cannoned a ferocious effort against the woodwork from the edge of the box.

The visitor's claims for a penalty were waived away by the referee towards the end of the 1st half despite an apparent handball inside the box.

There was little between the two sides in the first half, although Stockton had looked the more threatening in the final third, there was still plenty to play for come the start of the second half as the hosts went into the break with a slender 1 goal lead.

However come the second half, a change in Dunston's fortunes failed to materialise. A misplaced Phil Turnbull pass in the middle of the park was punished, as a quick through ball opened up space to send Kevin Hayes racing away. The forward powering his effort into the bottom corner of Connells net as the hosts further extended their lead on 67 minutes.

4 minutes later the contest was as good as over, Nathan Mulligan connecting onto the end of a Kevin Hayes precise delivery from the left, to guide the ball into the net.

Liam Thear had a chance to pull one back minutes later, following some good link up play, his back heeled effort went just wide of the upright.

Dunston now need to lift themselves and arrest their poor run of form as they face Frickley Athletic at The UTS Stadium this coming Saturday. Once again Dunston's travelling were out in force again last night and a massive amount of credit must go to those who made the journey down.
