WELCOME!

We would like to extend a very warm welcome to everyone in attendance at the UTS Stadium this evening for our fourth Pre-Season Friendly in what has already been a bit of a stop-start lead up to the new season! Due to several minor injuries and the need to self-isolate for quite a few of the Dunston playing squad, there has been a need to field under-strength sides in the previous three games. Let's hope that things improve in time for our NPL opener when we travel to Brighthouse Town on Saturday 14th August.

Our opponents this evening are MIDDLESBROUGH FC U23's who have been kind enough to come to the UTS Stadium for their customary annual visit. The young professionals will provide a stern test and their skills and speed will, as usual, give us some measure of the fitness that our pre-season training has provided. Among their number may be the extremely promising midfielder Isaac Fletcher, the son of the much loved and respected ex-Dunston hero Andrew Fletcher.

Prolific goalscorer Andy and his dad "Daddy Fletch" have been very welcome visitors at Dunston matches over the years. By all accounts, Isaac is expected to achieve great things in the professional game. We wish him and all of the other budding stars at Middlesbrough FC the very best of luck in their careers.

We also extend a warm welcome to our Match Officials this evening, Referee Marc Edwards and his Assistant Referees Mark Bell and Ryan Moore. We are most grateful to them for taking the game.

Let's all remember the Covid-19 Guidance. Keep a safe distance from each other so that we can ensure the safety of everyone.

Supporters old and new are very well appreciated and we hope you enjoy your visit to the UTS Stadium this afternoon. If you require any help or information about the Club and facilities, please do not hesitate to contact any Management Committee Member. Details of Season Tickets, Executive Package, Club Merchandise, Concessions and Sponsorship Opportunities can be obtained from any Club Official, at the Club Office or by visiting: <http://www.dunstonutsfc.co.uk/Sponsorship>

Let's look forward to a competitive match. Enjoy the game.

Dunston Football Club History

The club first saw the light of day in 1975 as a humble works outfit when former Chairman, John Thompson, with some of his colleagues at HMSO on the Team Valley Trading Estate, decided to form a football team. The club joined the Newcastle City Amateur League playing at the Civil Service Sports Ground, Longbenton.

Early success inspired the club to progress and a piece of land was leased from Gateshead M.B.C. and the committee began to develop what is now the UTS Stadium.

The club were now gaining much success in the Northern Combination and with aspirations to progress further they approached the Federation Brewery to become the club's main sponsor. With the Federation Brewery as their main sponsor the club joined the Wearside League in 1987 and after another period of success the club felt a need to seek new opportunities and an application was made to join the prestigious Northern League. The club had now realised one of its main ambitions and entered the National Pyramid of Non-League Football. In its second season in the Northern League the club won the Second Division and was promoted to the First Division.

Since joining the Northern League the club has won the Second Division, been First Division Champions twice, League Cup winners on five occasions and JR Cleator Cup winners on five occasions. Included in these successes were back to back First Division title winners and League Cup winners in seasons 2003/2004 and 2004/2005. A magnificent achievement.

Season 2007/2008 had seen the club lose the word Brewery from its name as sadly it lost the main sponsor. After a period of 18 years of continuous sponsorship the Federation Brewery was taken over by Scottish and Newcastle Breweries who continued to sponsor the club for a further two seasons and after a period of twenty years the club had lost its main sponsor and had no association with a brewery. In our hour of need two new companies became involved with the club to partially compensate for the loss of our main sponsor.

Dunston Van and Truck Centre became our home shirt sponsor and Astley Signs became our away shirt sponsor. Both companies are still with us at the present time. Season 2008/2009 a company, UTS Engineering (Utility Technology Services), became involved by sponsoring the player's travel and training kit and during the close season of 2009/2010 they kindly agreed to become the club's principal sponsor. The club name was changed from Dunston Federation F.C. to Dunston UTS F.C., the name of the ground was changed to the UTS Stadium and company owner, Mr. Shaun Sadler became Club President.

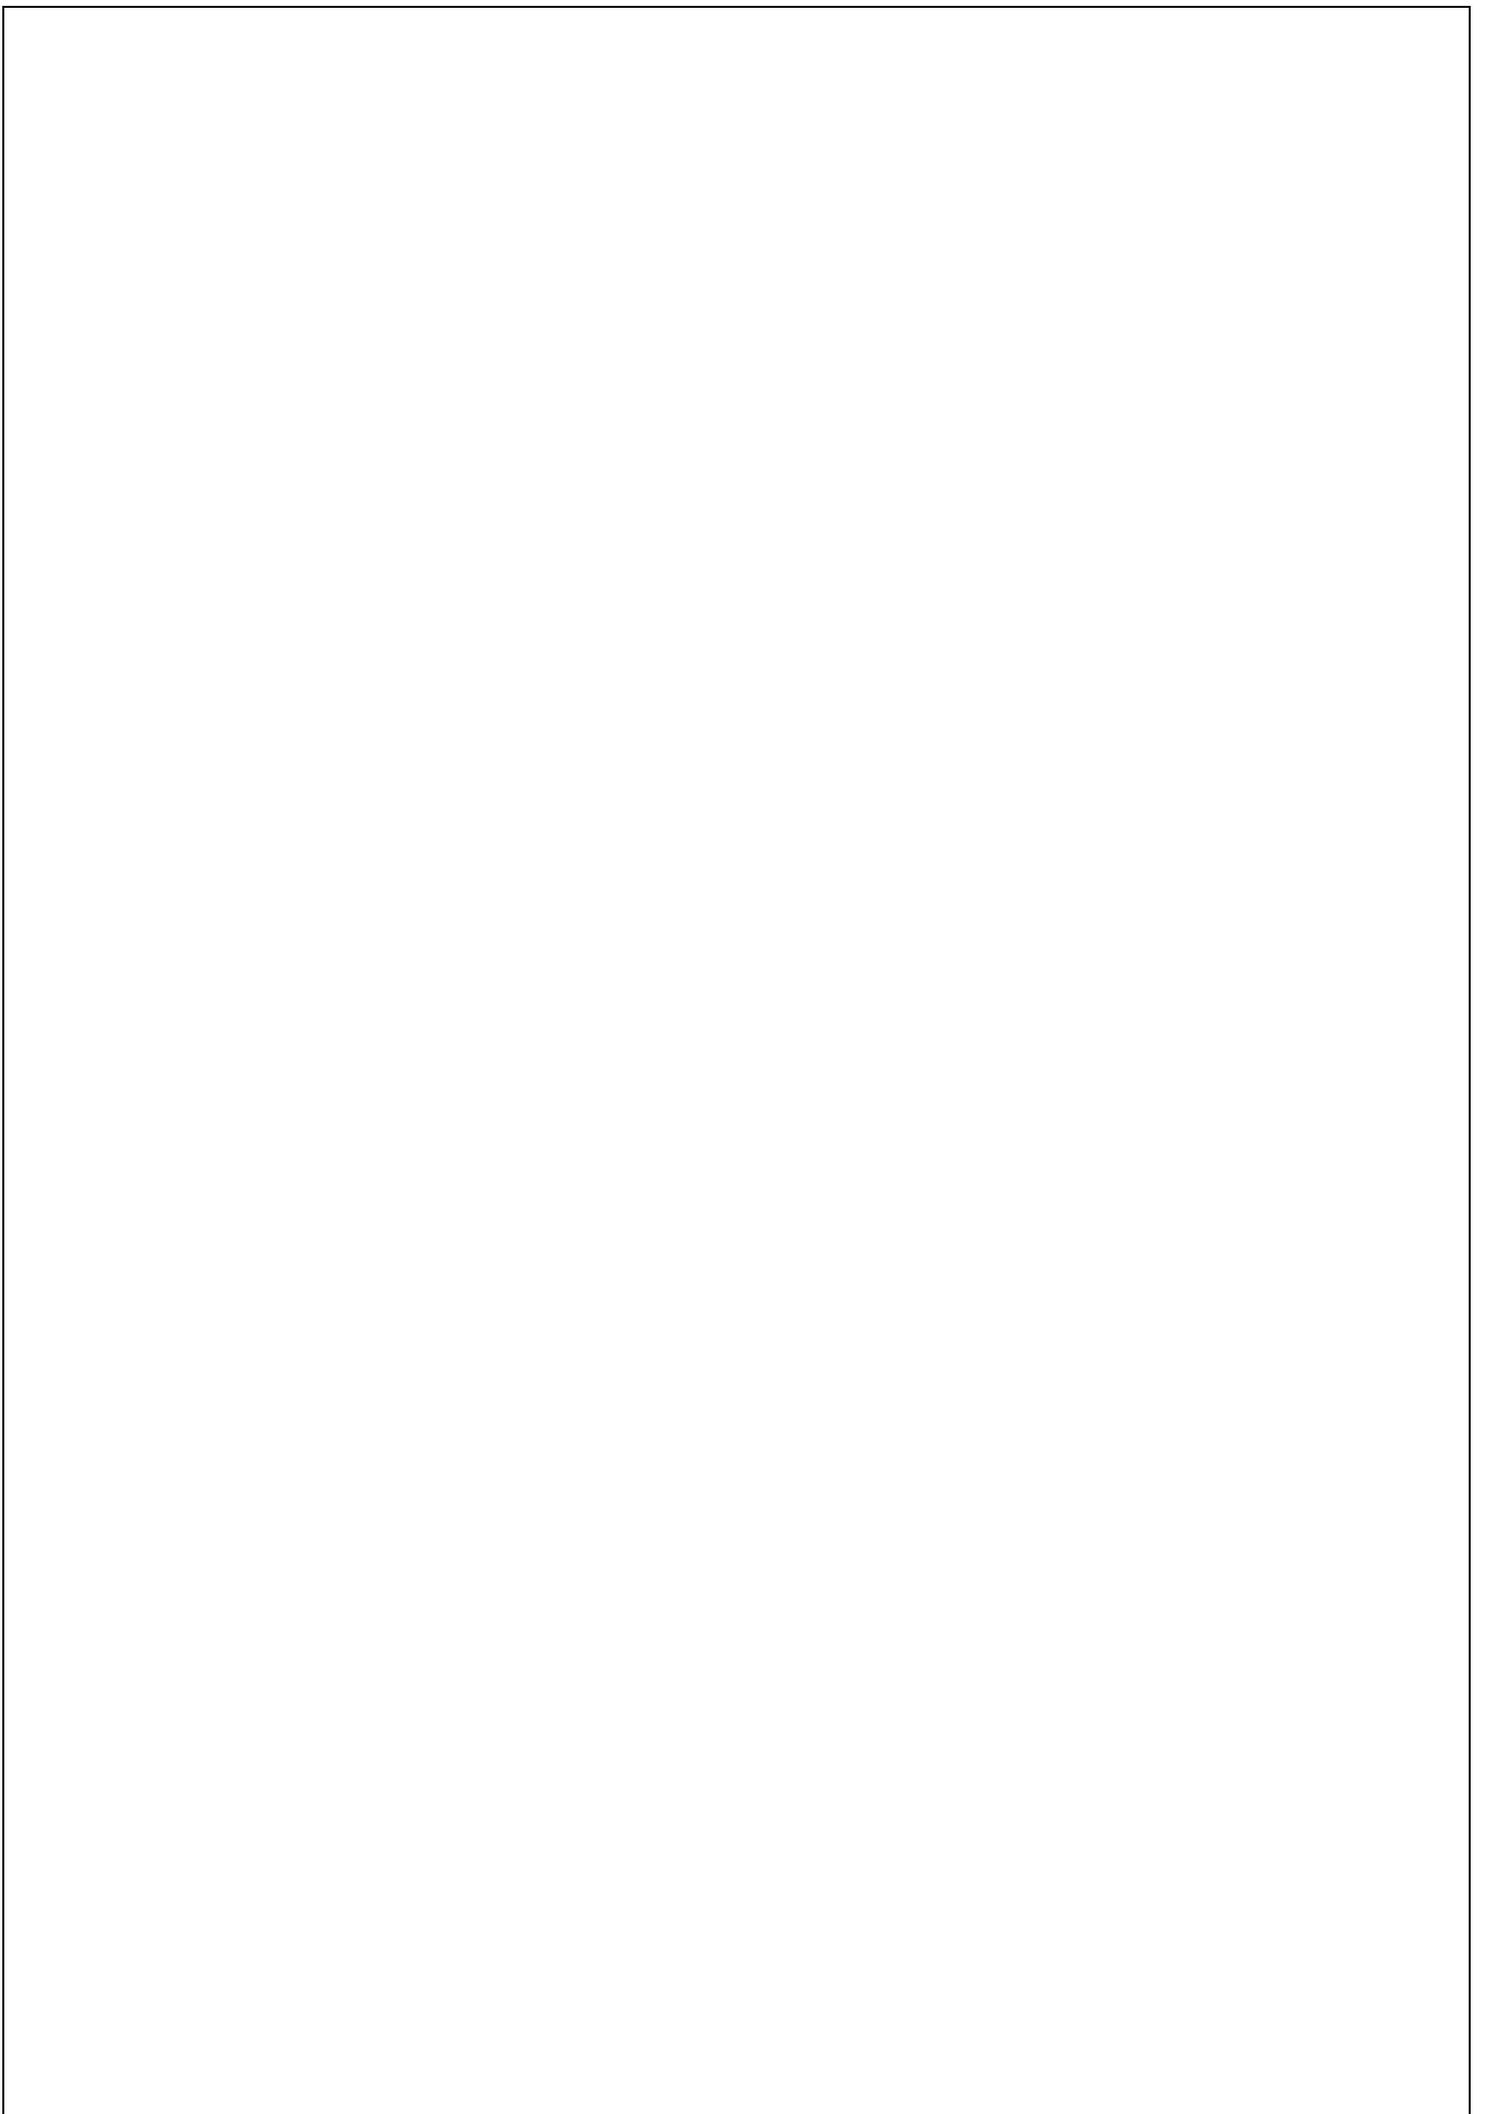

On the 2nd April 2016 Dunston UTS celebrated their 1000th Northern League game. Prior to kick off on behalf of the club Malcolm James received an engraved plate from Northern League President George Courtney.

Building on the new-found momentum, Dunston continued in the same vein in the following season with a great run in the FA Cup, going out in the final Qualifying Round to National League neighbours Gateshead in front of a record crowd of 2,525 at the UTS Stadium.

The Club finished the 2018/2019 season as convincing Champions of the Northern League First Division, seventeen points ahead of their nearest rivals. Promotion ensued to the Northern Premier N/West Division but FA Regulations dictated that the Club Playing Name must not include any reference to a sponsor so the "UTS" was reluctantly dropped from the Club title before the new season.

Over the years the club has always recognised that success on the field must be coupled with success and hard work off the field and the efforts of the people behind the scenes at the UTS Stadium has ensured that the stadium is a credit to the club. Many of the committee of the club have been involved since it was founded in 1975, some as former players and some as management on the playing side.

It is a tribute to their commitment and hard work that the club has become one of the most successful in the North East.

Dunston UTS FC vs Ryhope CW - Match report.

Dunston UTS FC - 2 Mason (14'), Elliott (76') Sunderland Ryhope CW - 1 Hird (87')

Dunston earned their first win of pre-season in a 2-1 victory at home to Northern League 1st Division side Ryhope CW.

The hosts controlled the tempo of game and had the Lion's share of possession for the majority of the afternoons encounter.

Lee Mason opened the scoring for Dunston on the 14th minute, notching his first goal in a Dunston shirt since arriving from South Shields. With Jack Elliott jinking his way around the Ryhope defence, his cross was parried by keeper Jordan Harkness, Mason was in the right position to calmly slot the ball home from inside the six yard box.

An injury to Ursene Mouanda five minutes later would see the Callum Elliott enter the field and employed in a more attacking role.

Luke Porritt was causing issues for the visitors and the home side had a fine chance to increase their lead through Michael Pearson, only for his effort to flash wide of the opposition goal.

The visitor's best chance of the first half fell to former Dunston player Denver Morris; a through ball from Wallace was misjudged by the Dunston defence, however the resulting effort on goal lacked power as Andy Clark collected comfortably.

Dan Capewell ensured Dunston kept their lead going into the break, a header flicked round the back of the defence into the path of Brad Hird, with the forward gearing to pull the trigger, Capewell timed his sliding tackle to perfection to take the ball from off the forward's toes.

Half time would see a raft of substitutions from the hosts, with Chris Swailes looking to get game time into his player's legs.

The second half would go much the same way as the first, Dunston looking in control of the game, dictating possession, Ryhope looking capitalise on the break, making themselves hard to break down at the back and the July heat testing players energy levels.

Dunston eventually extended their lead on 76 minutes, Callum Elliott bravely sliding in to prod home from close range from a dangerous delivery from out wide.

The visitors did manage to pull one back on 87 minutes, on the break Brad Hird pushed the ball past the Dunston defence to calmly slot his effort into the bottom corner.

Dunston's pre-season continues this week, with tough tests coming up against Middlesbrough FC Under 23's at home on Wednesday night and Hartlepool United the visitors to UTS Stadium on Friday evening.

You joined Dunston back in March, how have settled into the club?

Really well. I knew a few of the lads already before I joined the club. They're a great bunch of lads and the committee have also been very welcoming.

From the outside, I always felt Dunston was a very well ran and welcoming club, and that's exactly how I have found it to be. I'm thoroughly enjoying it.

You had a long wait to get onto the training ground, but now that pre-season is up and running, what ideas do you feel you have been able to implement since arriving?

Yes, it was strange having to wait such a long time before getting stuck in to it.

Pre-season in the main is to get the players as match fit as is possible ready for the opening game at Brighthouse. This has been even more important with the lengthy lay off due to Covid.

I hope I can use the experience I have to support Chris and the players to achieve more success. I think already in the few games we've seen there's been some good spells of possession, this is the way I like to play but I recognise that to be successful you need to be a team that is able to adapt. I'm confident with the squad that we have, we will be able to do that this season.

Looking at the players the club had managed to bring in during pre-season, Turnbull, Baxter, Mason and Porritt, there is a step up in quality. How do you see these players fitting into an already talented group?

The new lads bring experience at playing higher up the pyramid, and this experience will be crucial this season. They all bring real quality too which can only benefit the whole squad.

There's no question there will be competition for places this season, and that's really positive and important to drive things forward.

Pre-season, a good performance against Gateshead, Morpeth Town less so, and then a win on the weekend against Ryhope CW. What's your assessment on how things are shaping up so far?

Pre-season is always difficult to gage. Players rotating in and out can disrupt the flow of the game at times. I thought we were excellent against Gateshead and created a number of great chances in the game. Morpeth was a disappointing performance, I always felt the first goal would be important in that heat! Saturday against Ryhope I felt we controlled most of the game without threatening their goal enough. This week will be another two tough tests which will stand us in good stead ahead of the season

'Boro under 23's and Hartlepool Utd, two games in the space of three days against professional players, it's a different challenge to what the team are likely to face in the league.

What are you and Swaz wanting to gain from these games?

You'd expect in both games that the opposition will have more possession so there's definitely some good physical returns for the players. Also an opportunity to look at our defensive shape and how we deal with turnovers of possession. I think both games are great opportunities for us. You learn more playing against better opposition in these games.

Looking ahead to the season, crowds are back, there's different opponents to face with the restructuring of league, new players in and things are obviously coming together. You must be optimistic for the season ahead. Do you believe this is a season where the side is capable of challenging for promotion or even the title?

I'm generally delighted just to be back involved with football again after a challenging period for us all.

I'm really optimistic that we will be challenging at the top end of the table. The squad is more than capable of doing so.

Pre-season is a necessity but I think the whole squad is raring to go and getting back to competing for 3 points on a match day.

Dunston UTS FC Club Legends.

An interview with John Thompson. The man who dreamed of bringing Northern League Football to Dunston.

John Thompson is a pioneer; the man dreamed of giving Dunston a Northern League club. He, along with others on the committee, delivered that through sheer hard work and sacrifice.

As a player and manager at Dunston his trophy haul was only bettered by legendary Dunston Manager Bobby Scaife some twenty years later. Thompson led the club to 11 Trophies during their time in The Northern Amateur League and then The Northern Combination League.

As Club Chairman from 1985- 1995 he presided over a period which saw Dunston Federation Brewery, as they were then, rise through The Wearside League and then onto The Northern League. Still to this day John is relentless, committing countless hours of his time ensuring that the ground and pitch are in immaculate condition. He is regularly found behind the bar on match-days pulling some of the best pints in Dunston.

Laid back and humble, he's given so much to his local community and put Dunston on the non-league footballing map. Without his vision and endeavour the club would never have come into existence.

Go back to 1975, what was the plan and why did you decide you set the club up?

It started at HMSO, me and Billy Montague were both working there and Alan Stott was playing for us. They said the works football team wasn't going to go on anymore as it was going to close down. We were there from 1971 to 1975.

We all drank in The Bay Horse and a lot of the lads all drank in the Rose & Crown at Whickham. We just asked the Manager at the Bay Horse if he'd be interested in running a team out of the there and he was absolutely over the Moon, he couldn't get us in quick enough.

We started a pint draw on a Sunday night, he used to give us so many pints for the draw and we used to make about £15-£20 off that and that's what we used to run the with club for a few years until we started getting sponsors in.

Pictured above - The 1978-79 side (then as Whickham Sports FC) managed by John Thompson. Northern Amateur League Champions, Northern Amateur League Cup Winners and Gateshead Charity Cup Winners

Who was involved in the club at the start?

Me, Monty - who has always been Club Secretary, Alan Stott played for HMSO and he's been involved the whole time. That was the main three. Then Ian McPherson joined us from Redheugh and played for us, there was about six or seven of them come in from Redheugh in about 1976 and they've just stayed on since.

You started out as a player and Club Manager, how did the club develop in those early years?

I think we started out for 1 season in The Northern Amateur League, then we went into the Northern Combination League, which was a big League back then, you had the likes of Swalwell, Whickham and all them and once we got into The Combination League, that's when we started to bump our players up a bit. Better players started coming in the higher up the leagues we got. The likes of Paul King, Ian McPherson, Alan Stott, then we got the likes of Colin Wright, lads from Low Fell came down to us and that's when we kicked on really. Then we decided to move down to The Mechanics in Dunston.

We were playing out of Dunston Park as Whickham Sports FC at the time, there was no changing rooms at Dunston Park back then, so we had to move up to Marley Hill for half a season. There were that many teams playing at Dunston Park on a Saturday and Sunday they used this pitch (The present day site of The UTS Stadium) as an overflow. As soon as I seen it, on the corner of Dunston, I seen its potential for us to move onto into our own ground. So we moved to The Mechanics and developed the ground side of it, we got a 25 year lease off the Council for it and then we obviously started to develop it.

Pictured above - Federation Park back in the early days

There was no fences round it, it was just a car park at the top, no outside fences, no inside fences, no changing rooms, we still got changed at Dunston Park and walked down, boots on and everything.

From then we got the dressing rooms built, spectator fencing round the pitch, that got done in about 3 or 4 seasons and we just begged, borrowed or stole the stuff, it was all done with second-hand gear and that's how it was for years and now we've we got it all developed again.

The move to The Mechanics was about the early 80's, I think we were Whickham Sports for about 5 years, then when we were at The Mechanics, The Federation Brewery came in and sponsored us.

How did sponsorship with The Federation Brewery come about then?

The Federation Brewery was just down from the ground, when we were based in Dunston Mechanics I just decided to go and ask them. Jimmy Ramshaw was the Chairman down there back then and there was absolutely no problem. Jimmy took it to the Board meeting and back then nearly everyone on The Board meetings at The Brewery were Chairman of Clubs, they were all involved in Football clubs and that really started us on our journey when we got that sponsorship. Then we moved into The Wearside League, started to get better players in and then it was just a gradual improvement every year.

The local non-leagues back then were arguably a lot stronger than they are now. How much of a challenge was that progression?

There were some really good sides in the Northern Combination League, teams like Westerhope, Swalwell, Lemington, there were 4 or 5 sides in that League who could've been in The Northern League. The Wearside League, compared to what it is now, was a really strong league. The Northern League didn't have a 2nd division back then. The Wearside League was a really, really strong league and you had to be a decent side to win The Wearside League. Then of course they started the Northern League 2nd Division, when you won The Wearside League you went into the Northern League 2nd division.

We won every league we were in, we very rarely got beat. There was one season where we went through undefeated and got beat in the last game. Then as I said, the Combination league was strong, but once we moved into The Wearside League, the likes of Swalwell and all them folded up and then all of a sudden The Combination League wasn't as strong. Then you had The Northern League 2nd division and that was our next target, we won that as well and obviously the rest is history.

Once we got into The Northern League, obviously we stopped winning as many things as The Northern League was very strong.

Dunston Federation Brewery FC 1990-91 - finishing 2nd in The Wearside League to gain promotion to The Northern League 2nd Division.

You'd gone from being player and manager to then taking the role of Club Chairman. What was the reason for your move from manager to the clubs first Chairman?

We probably needed somebody with a little bit more savvy to come in as manager when we moved up the leagues and we needed a Chairman, somebody to run the club. I dropped out from that role when Malcolm James became Chairman and I actually said that I wanted Malcolm to take charge of The Club.

One of my main things about football was, right from when I was a young'un, I used to go on the bus with "The Clava" to watch them play and they all had Northern League players. Then I used to go into The Northern League in the 60's and I'd say to the lads "Why are we coming here?" As soon as we got this ground, that's always been my aim, to get a Northern League Club into Dunston and a Northern League ground and I've done it.

You look at what you have managed to achieve over all those years, you look back to when you were at HMSO or running out of The Bay Horse, you fast forward through to the days in the Northern League where you'd done the double twice then you've got to a point where you're all in The Royal box at Wembley, did you ever think at any stage that that could ever happen?

No, but you always dreamt about it. You probably never thought you'd do it but once you got into that situation in The Northern League there was always a chance where you were in a situation where you could do it. I never thought we ever would, but we used to dream about it. We used to say if we could get to The Vase Final, what an achievement that would be and it still is to this day. If we could get back to Wembley again it would be another achievement totally, but that's going to be even harder, maybe get there through to The FA Trophy Final, I couldn't see that happening but you never know.

The club had moved up to the next level two season ago, winning The Northern League in 2018/19 and gaining promotion to The Northern Premier League. You've achieved everything you set out to achieve. Considering how much the clubs developed and progressed where do you think the club could be in 10 or 20 years times?

I honestly haven't got a clue. I didn't think we'd be in this League now. I'm a bit of a Northern League freak, I love the Northern League. This Leagues been a bit of a challenge to me in a lot of ways; with all the travelling, having to be a bit more perfect with the pitch and everything.

I wouldn't like to say where we could be but it won't be with me, I might be an Honorary Chairman, or Vice Chairman or coming down in my wheelchair on a Saturday afternoon.

Over the decades, I'd imagine that you've probably seen almost every game Dunston have played. Out of the players you've had, players you've played alongside, who are the ones who've really stood out for you?

There's so many. In our Whickham Sports day Paul King was a 30 goal a season centre forward, Mack (Ian McPherson) and Stotty (Alan Stott) were great players. Mickey Storey was my mate, he was a cracking keeper and played for us for about 10-15 years.

We got the likes of Keith McNall who was brilliant player. Stevie Kendall who in my mind was probably the best player we've ever had at the club; Stevie was at Nottingham Forest when Brian Clough was there, he was a class player and a bit of a rogue. When I played for Kibblesworth on a Sunday, his Mam and Dad lived in Kibblesworth and his brother in law played with me. I read the letter they got from Brian Clough, asking them, begging them to send Stevie back to Nottingham Forest and then we got him.

We had players like Matty Hillary, Micky Farrey, we started getting the better quality of players coming to us. We had a player called Tommy Ditchburn who was fantastic, he could play anywhere. Then when we got into the Northern League, we had Nigel Walker, Steven Fletcher. Then last year we had class players.

The best all round side we had would've been the one that won the double back to back (*pictured below*). The FA Vase side was an excellent side but the double winning side was just brilliant; they went unbeaten until the last game of the season so for me that's probably the best side we've ever had.

How would you sum the club up and what makes this club so special?

A set of mates who've grown up with the club for 40 odd year, played for the club, been on the committee for the club and done everything for the club.

Everywhere you go, out of all the leagues we've been in, everybody comments on how many committee men we've got and that for me is a lot of hard work and dedication from a lot of people. As a unit we've been together for 40 years and that for me is the ultimate thing. Now you've got the likes of Billy Irwin, Tony Cleugh and yourself who've come on and it's a new generation. If you all take it on as far as we have then who knows?

The support and sponsorship we received from The Federation Brewery really helped to push us on into The Northern League. Without them we would've never achieved what we have managed to achieve. They backed us for 20 years until they closed.

Obviously when they did close it had a huge impact on the club, but we have some business savvy committee men and then when Shaun Sadler and UTS Engineering came in, their support has really helped to push us onto the level we're at now, without them and a lot of other sponsors, supporters, friends and businesses who've help to support the club for years we'd not be where we are now.

My family have been involved in the club, Wor Lass used to work behind the bar, our Helen works behind the bar, our Matty comes down anytime we need plumbing done and if it hadn't been for them turning a blind eye to what I've done, then who knows? It's taken my life over and if it hadn't have been for them, most Women would just said "Get oot" you know.
