WELCOME!

We would like to extend a very warm welcome to our visitors this afternoon as PRESCOT CABLES AFC provide the opposition for this Pitching In Northern Premier League N/West Division Match.

The Players, Team Management, Officials and supporters of our opponents are most welcome after making the long and tedious journey from Merseyside.

The two Clubs met only once last season before proceedings were prematurely halted during March. On a boiling-hot early September Saturday, Dunston made their first ever visit to Volair Park in Prescot and fell behind to a third minute goal. The hosts had cashed in on a defensive slip and despite having plenty of time to rectify things, Dunston failed to put things right and were unable to breach a solid home rear guard. The 1 - 0 defeat provided a harsh lesson and a wake-up call as to how hard our new League would prove to be. The return game at the UTS Stadium fell victim to the atrocious weather conditions during February and was postponed on three occasions due to a frozen or waterlogged pitch.

We also extend a warm welcome to our Match Officials this afternoon, Sam Parnaby who travels from Bishop Auckland and his Assistant Referees Daniel Van Hymus from Jarrow and Mark McMahon from Hebburn. Our FA Match Observer is Paul Newhouse who comes from Peterlee.

Supporters old and new are very well appreciated and we hope you enjoy your visit to the UTS Stadium this afternoon. If you require any help or information about the Club and facilities, please do not hesitate to contact any Management Committee Member. Details of Season Tickets, Executive Package, Club Merchandise, Concessions and Sponsorship Opportunities can be obtained by visiting www.dunstonutsfc.co.uk/Sponsorship or from any Club Official or at the Club Office.

Let's all remember the Covid-19 Regulations. Keep a safe distance from each other so that we can ensure the safety of everyone. Let's look forward to a competitive match. Enjoy the game.

Dunston Football Club History

The club first saw the light of day in 1975 as a humble works outfit when former Chairman, John Thompson, with some of his colleagues at HMSO on the Team Valley Trading Estate, decided to form a football team. The club joined the Newcastle City Amateur League playing at the Civil Service Sports Ground, Longbenton.

Early success inspired the club to progress and a piece of land was leased from Gateshead M.B.C. and the committee began to develop what is now the UTS Stadium.

The club were now gaining much success in the Northern Combination and with aspirations to progress further they approached the Federation Brewery to become the club's main sponsor. With the Federation Brewery as their main sponsor the club joined the Wearside League in 1987 and after another period of success the club felt a need to seek new opportunities and an application was made to join the prestigious Northern League. The club had now realised one of its main ambitions and entered the National Pyramid of Non-League Football. In its second season in the Northern League the club won the Second Division and was promoted to the First Division.

Since joining the Northern League the club has won the Second Division, been First Division Champions twice, League Cup winners on five occasions and JR Cleator Cup winners on five occasions. Included in these successes were back to back First Division title winners and League Cup winners in seasons 2003/2004 and 2004/2005. A magnificent achievement.

Season 2007/2008 had seen the club lose the word Brewery from its name as sadly it lost the main sponsor. After a period of 18 years of continuous sponsorship the Federation Brewery was taken over by Scottish and Newcastle Breweries who continued to sponsor the club for a further two seasons and after a period of twenty years the club had lost its main sponsor and had no association with a brewery. In our hour of need two new companies became involved with the club to partially compensate for the loss of our main sponsor.

Dunston Van and Truck Centre became our home shirt sponsor and Astley Signs became our away shirt sponsor. Both companies are still with us at the present time. Season 2008/2009 a company, UTS Engineering (Utility Technology Services), became involved by sponsoring the player's travel and training kit and during the close season of 2009/2010 they kindly agreed to become the club's principal sponsor. The club name was changed from Dunston Federation F.C. to Dunston UTS F.C., the name of the ground was changed to the UTS Stadium and company owner, Mr. Shaun Sadler became Club President.

On the 2nd April 2016 Dunston UTS celebrated their 1000th Northern League game. Prior to kick off on behalf of the club Malcolm James received an engraved plate from Northern League President George Courtney.

Building on the new-found momentum, Dunston continued in the same vein in the following season with a great run in the FA Cup, going out in the final Qualifying Round to National League neighbours Gateshead in front of a record crowd of 2,525 at the UTS Stadium.

The Club finished the 2018/2019 season as convincing Champions of the Northern League First Division, seventeen points ahead of their nearest rivals. Promotion ensued to the Northern Premier N/West Division but FA Regulations dictated that the Club Playing Name must not include any reference to a sponsor so the "UTS" was reluctantly dropped from the Club title before the new season.

Over the years the club has always recognised that success on the field must be coupled with success and hard work off the field and the efforts of the people behind the scenes at the UTS Stadium has ensured that the stadium is a credit to the club. Many of the committee of the club have been involved since it was founded in 1975, some as former players and some as management on the playing side.

It is a tribute to their commitment and hard work that the club has become one of the most successful in the North East.

Dunston FC would like to offer their sincere thanks to the following Honorary Vice Presidents and Companies for their valued support.

MATCH REPORT FROM

Northern League Division One, 12th October 1996

Easington 1 Dunston Fed 1

'FED ROCKED BY LATE EQUALISER'

Dunston were denied all three points when they conceded a dramatic equaliser two minutes into stoppage time. The afternoon hadn't started to brightly for manager Peter Quigley with strikers Andy Elliott joining Spennymoor and Tony Halliday opting for Whitley Bay.

Dunston should have taken the lead in the second minute when Gary Allison's pass found Davie Robison unmarked eight yards out with only the keeper to beat, but unfortunately the home keeper managed to block his effort. The visitors continued to dominate the first half but created few chances, although leading marksman Gary McDonald already with 17 goals to his name this season, came close when he shot just past the upright.

The second half saw Dunston on top but they found it difficult to create a breakthrough and as the game wore on, started to lose their way, but Steve Cockburn was introduced into the game after 75 mins and he brought some life back into the Fed's side.

And it was from a Cockburn cross that Dunston took the lead, Forbes, challenging for the ball, was pushed from behind and skipper Keith Mills made no mistake from the spot kick.

Three points looked in the bag until injury time when the Fed were cruelly denied by a rare Easington foray forward. Jenson won the ball from Mills before surging forward and firing past the bewildered Wolfe to earn a point for the home side.

Dunston Line Up:-

Wolfe, Boyle, Bainbridge, Cooke, Robinson, Robson, Mills, Forbes, McDonald, Allison, Subs.. Cockburn, Walis, Richards.

FORMER PLAYERS

FERGAL HARKIN

Born 26.11.76, Ireland.

Dunston player January 2008 - March 2011, Goals 27

A native of Ballyliffin, Fergal Harkin began his footballing career at youth level when he signed for Leicester City F.C., however this stint proved unsuccessful, and when Bohemians FC (Ireland) expressed an interest, he jumped at the chance.

Fergal joined Bohemians FC (from Leicester City for the 1998/99 season), but in 1990 moved to Finn Harps FC (Ireland) In 90/91 he appeared in that season's FAI Cup final. He rejoined the Bohemians in June 2001 and won the first major honour of his career when he played his part in Bohs' League triumph of 2002/03.

He added an extra edge to his game in season 2005 with 7 goals from his 31 League appearances and was voted Player of the Year at the Phibsboro club in 2005 and 2006.

In August 2007 Fergal Harkin announced he would be retiring at the end of the season, citing his recurring knee injury which left him in agony up to 24 hours after each game. Given his love of the club however, he stated that he would still regularly attend games, citing his "real affiliation with the club". He played his final home game for the club on 2 November 2007 in Dalymount Park v Longford Town. To commemorate the event, Harkin was captain for the night, and after the game a fans tribute was held, with specially designed flags and a plaque in honour of his loyal service.

In January 2008 Harkin made a goalscoring debut for Northern League Division One club Dunston Federation F.C he played for for Dunston whilst he was based in Newcastle working for Nike.

Fergal now works at Manchester City FC 's scouting and recruitment operations manager and their Football Partnerships and Pathways Manager.

The term Legends is often banded about too regularly in the World of Football. However the term is certainly fitting of both Kane Young and Michael Dixon. As a pair they formed arguably one of the greatest midfield partnerships in the history of Dunston Football Club. The pair epitomised the clubs values of hard work, determination and passion.

Having joined from Gretna in 2002, Kane would spend 11 seasons at Dunston before eventually retiring in 2013. In that time he would go on to win The Northern League Title and Northern League Cup in the 2003/04 season and then again in 2004-05

Michael Dixon joined Dunston from West Allotment Celtic in 2007 before eventually leaving the club for Ashington in 2015. He would go on to represent Dunston on over 300 occasions scoring 38 goals and rightly became a genuine crowd favourite. Dicker was voted as both Player of the Season and Committee Player of the Season in 2012/2013

In the 2011/12 season the pair would go on to lift the FA Vase at Wembley Stadium, following a 2-0 win against fellow Northern League side West Auckland Town, on a day that will be forever etched into the memory of everyone involved with the club.

Dunston UTS FC Players lifting The FA Vase at Wembley Stadium (Pictured L-R: Liam Connell, Michael Dixon, Lee McAndrew, Ben Cattanach, Chris Swailes, Kane Young, Danny Craggs and Steven Preen)

In your opinions what made the midfield partnership that you both formed so good?

Kane Young - First and foremost both close friends on and off the pitch and never a bad word crossed.

Rain, snow, wind or shine we would walk out every changing room together highly motivated, ultra-competitive, brave, compete for everything, enjoy our football but over everything focus on winning games. We were both terrible losers.

Dicker would stand shoulder to shoulder with me, complement my combative approach and love of defending by bringing more quality, driving forward and attacking.

He never let me down once in all our games and if required we sacrificed ourselves for the greater good of winning.

Michael Dixon - I played against Kane for West Allotment, we went at each other all game, Kane got sent off for a second yellow and I'd dived to get us a pen! I was s***ing myself going in the clubhouse, Kane rocks up and buys me a pint! Just sums up the man really. An absolute diamond and a proper, proper bloke! A month later I signed for Dunston and developed a friendship with him both on and off the field which still stands to this day.

We are both ultra-competitive and hated losing. I learned so much from him in terms of how to control the midfield and understand when to sit in and dig and when to bomb on and join in. He never stopped talking. Kane would set the tone with a header or tackle and it would get the rest of us going, I bounced off that energy a lot and it was missed when he wasn't playing! We have a very similar mentality; we loved defending especially when we went in front and sacrificed our game, like he said, for the benefit of the team.

The pair of you were instrumental in arguably the clubs' greatest achievement in its history, namely lifting The F.A. Vase in 2012. What's it actually like to lift a trophy at Wembley Stadium?

MD It's a cliché, but when you're little you see the cup finals and imagine doing it. At our level, to get the chance to do that was unbelievable and to win it was extra special with family and friends there. I wanted to win so much I wished the game away once Bully (Andrew Bulford) put us in front! I kept asking the ref how long for the whole of the second half!

I had 9 seasons at the club and to see the sheer joy on the committee's faces in the Royal box before we lifted the trophy was brilliant and a memory of the day I won't forget! And not to forget lads like you Davey and Mark, along with the band of hardcore who were there back in 2007 when I joined. I really appreciated your support.

KY Euphoric! The run to Wembley was exciting and emotional, to win it and do it with my closest friends in football, for the management, committee and people from Dunston, with my family and closest friends watching and with Matty Annan watching down was what dreams are made of.

Pictured above Dunston UTS FC Committee in The Royal Box at Wembley Stadium following the final whistle.

You look back on the quality of that squad and the key thing that stands out above everything else was the camaraderie and togetherness in the dressing room. In that dressing room alongside you, you had Swaz. What was he like in the dressing room as a player and was it obvious at that stage that that he had all the skills to become an excellent manager?

KY - Swaz lifted the standards on and off the pitch, a leader, assured on the pitch, crackers off it, dependable, great character, tough, won everything in air, everything into forwards feet, seen the opposition pass a thousand times before and never done for pace.

He knows the game inside and out so it's no surprise to me that he would progress into being a great manager

MD - Billy (Irwin) and Harra (Tony Harrison) need to take a lot of credit for putting the squad together. We had a great mix of lads who to this day are close friends. Swaz signing was a massive boost, even at 40 odd he was a step up of his class playing the Northern League, he cruised through games, he wasn't the most vocal in the dressing room but his professional experience and positioning play was class and he had me and Kane in front looking after him.

I think the fact he's spent his whole life in football, it doesn't surprise me he would go into management as he loves the game. The fact he has had the success at the club winning promotion and having that great FA Cup run a few years ago shows he's becoming a great manager for this club.

Billy Irwin had this to say about the pair of you:

"They were both winners, you need players like them if you want to be successful, you knew what you'd get off them week in week out, they are also two great lads that I class as good friends. They're both hugely respected by everyone at the club as are the rest of that squad".

As a manager and alongside Harra what were they like to play for?

MD - Nice words from Billy that. He's a top man and a good friend like he says. Billy and Harra stepped up from Perry Briggs about a year after I had been at the club and their experience really helped us. Billy was captain of the club when I was just starting off playing in the Northern League back in 2002 and the team which won the League and Cup around this time were class.

Harra had loads of experience also as a player and as a manager and they worked really well together as a double act. They put a squad together that all respected both of them and wanted to win! They were old school around some new coaches and managers with all these coaching badges but through their experiences they created a togetherness and such a close knit group on and off the pitch, it was worth ten times more than any coaching badge! My best days playing non-league football were at Dunston and both of these played a massive part in it.

KY - I think they built a squad of superb people, a mix of quality and grit, partnerships in all areas, full of leaders and winners from all over the north east...creating a long term camaraderie.

They trained us hard, organised us, didn't over complicate things and played to our strengths. Personally they backed me throughout my time at the club through thick and thin.

WEMBLEY, 13TH MAY 2012

Dunston UTS FC lining up with club mascots ahead of The FA Vase Final (L-R Lee McAndrew, Steven Shaw, Kane Young, Michael Robson and Michael Dixon)

Do you miss playing?

KY - I miss being in that dressing room, on our pitch and playing games but I don't miss the travelling, it never leaves you and I play 6-a-side every Wednesday with the same hunger and desire, it's good for my mind, body and aggression the wife says.

MD - Absolutely, I wake up every Saturday morning and wish I was 10 years younger and waiting for Billy Montague to pick me up and head to the ground. Personally I feel I retired at the right time at 34, my legs were slowly going and my enthusiasm to train and go again after doing it since I was 19 playing for Alnwick Town. To keep up with younger players was fading. Also my daughter had just turned 2 and I had started a new job so it felt like the right time to call it a day.

I really miss letting off steam, going at it for 90 minutes flying into tackles, fighting with the ref, chewing on with opposition players. I haven't found a replacement for that. This is what I miss the togetherness of a team pulling together to win a game and the craic in the dressing room.

We ran a poll earlier in the season, asking supporters to name their best all time XI Dunston team, you were both named in that team. What are your thoughts on that and over the years who were the best players you played alongside at the club?

KY - I feel honoured that people in and around the club and in Dunston voted for me, I feel myself and the club were a match made in Heaven. So many good characters, far better players than myself over the years, I learnt so much from so many, the players from the double league winning sides including the invincible season side and the FA Vase winning team were exceptional.

Special shout out to Steven Pickering and Michael Robson who I started at Dunston with, won all the trophies with them and enjoyed every moment of it.

MD - I did see that aye, to be acknowledged by people who came and supported the team during my time at the club and to make that team was a nice touch.

I think The Vase team holds a special place in the memory of Dunston fans which might have swayed that decision. I watched players like Davey Hunter, Chad Bone and Keith Mills in the 90's who were all class, then there was the team in the 2000's who were very successful with Kane and Nicky Scaife.

Fergal Harkin is by far the best player I have played with. It's a real shame he left the year before we won The Vase. He was finished really when he joined us so God knows what he was like playing as pro in Ireland in his prime.

My little mate Steve Pickering, who I sat next to for 9 year, was a touch of class! A Man of few words but what a player, best right back I have played with by a long way, nicknamed The Rash! So sad he got injured in the semi-final first leg and went on to miss the final at Wembley, I was absolutely gutted for him.

Lastly and already touched on would be Kane. Proper class act, a leader, a right hard b*stard who would never let you down.

Michael Dixon in action during Dunston UTS FC's 1-0 victory at home to Staveley MW in the 1st leg of the FA Vase Semi-Final (Kane Young pictured right with club Captain Ben Cattnach in the background)

Dicker, you scored 51 goals for Dunston in your 9 seasons with the Club, Kane you scored 24 goals in your time at Dunston, what are favourites?

MD - 365 appearances according to Harra who kept a record. I had a bet with little Mac on the committee I would score 10 a season. 9 was my best! In my last season. I hit one away from home at Newton Aycliffe, it got cleared from a corner and rolled lovely to be about 25 yards out... I hit it first time and it flew into the top left hand corner! I just burst out laughing in shock, I would have to say that was my best!

I scored a left foot volley on a Tuesday night at Jarrow Roofing which I remember cos I hated playing there, so that was canny memory from a sh*thole of a ground.

KY - I loved a front post header over the years but I remember changing and winning games with big tackles just as much as big goals

Finally, looking at where the club is now and how it was when you first joined, how has it changed?

KY - It has improved on and off the pitch in all areas year on year without losing its heart and soul and being a working class club....for me certain players are made for Dunston, as others are for other clubs.

MD - The ground is looking fantastic. Fair play to the committee members working with The FA to secure the grant funding. The social media side is fantastic with yourself, Ken and the guy doing the photography. The profile of the club is being enhanced massively. The supporters club is a great addition also. It's great to see the club developing and moving forward; matching the ambitions of Swaz and the players to push to get promoted again and kick on.

One thing that will never change is how friendly the people are. A proper club, with proper people and I was and always will be proud to say I played for The 'Fed'

Match report - Dunston FC vs Tadcaster Albion

Pitching-In Northern Premier League N/West Division

6th October 2020

Final Score: Dunston FC 1 (Thear 30') Tadcaster Albion 1 (Pandor 67')

Dunston welcomed Tadcaster Albion to The UTS Stadium on Tuesday night, with the home side looking to continue their impressive start to the season. A win would take Chris Swailes side to the top of The Pitching-In Northern Premier League North West Division as they went into the game on the back of two impressive away victories against Ossett United and Pickering Town

Liam Thear opened his account for the season, finishing a well worked move just before the stroke of half time. Albion substitute Junayd Pandor levelled on 70 minutes.

In an engrossing score draw the visitors may be the more satisfied of the two sides to come away from the game with a point. In truth Dunston created the Lion's share of opportunities against a team who looked to be a step up in quality on their previous opponents, and the hosts may feel aggrieved at not taking maximum points from the game.

In the first half Heslop, Jack Elliott, Liam Thear and Dan Halliday all had chances to open the scoring whilst Terry Galbraith had a powerful headed effort from a corner cleared off the line.

Tadcaster's best chance of the first half came from Bailey Thompson, the former Tranmere Rovers player dragging his effort narrowly wide of the post as the visitors looked to be a threat on the break, the pace of Portuguese midfielder Kevin dos Santos who certainly posed a threat throughout the game.

Albion's other real chance of the first half again came from Thompson, the forward catching a volley well, following some impressive looking building up play only to be thwarted by the cat like reflexes of Liam Connell.

Dunston eventually broke the dead lock on 43 minutes through Liam Thear, Jack Elliott the creator, turning the defender in-side out his pull back from the by-line picking out Heslop, Winstanley in the Albion goal parrying the effort and with the visitors unable to clear their lines, and the home crowd sensing a goal, Scrapy was on hand to compose himself and blast in the rebound.

Dunston went into the interval leading 1-0 and on the balance of play the score-line was certainly merited.

Tadcaster were forced into making two changes at half time, Burn replacing Appleyard in goal and Thompson coming off for Junayd Pandor.

For past match reports, player interviews, match photography and more visit www.dunstonutsfc.co.uk

In the second half, Heslop was the first to unleash an effort at goal, with Dunston breaking, Stafford and Kanda having harassed Tadcaster off the ball to set Heslop away, his shot went wide and high of the target.

Ify Ofoegbu was to blaze an effort over the bar as Albion looked to get back into the game.

Liam Thear, who continues impress this season, had a great chance to extend Dunston's lead, with Heslop and Mouanda combining superbly down the flank, Scrapy's curling effort was tipped over the

bar by the fine reactions of substitute keeper Burn, who somehow managed to punch the ball away as it seemed destined to nestle in the top bin.

Tadcaster equalised on 67 minutes through substitute Junayd Pandor, Dos Santos getting the better of Capewell to send in a dangerous ball from out wide, which was met by the head of Pandor and cushioned beyond Connell from close range.

During the final 20 minutes of play, the greater chances fell to Dunston; Galbraith elegantly creating an opportunity for Heslop with the keeper doing enough to prevent the ball from crossing the line. As Dunston maintained their

pressure Stafford picked out Heslop with a sumptuous lofted pass, the resulting strike from distance wide of the near post.

Jack Elliott and Ursene Mouanda combined magnificently, the ball pulled back across only for the keeper to twice deny Dunston from taking the lead.

A Tadcaster free kick on the edge of the box in the 90th minute, was blasted against a solid blue wall and based on the run of play, for the visitors to have come away with maximum points would've been thoroughly undeserved based on Dunston's performance.

The home side played arguably their best football of the season so far; constantly pressuring their opponents, forcing errors and preventing them from building up play, they created enough opportunities during the game to have won it and if this is a sign of things to come, Chris Swales side will win far more games than they'll lose this season, When Tadcaster were able to put their passing game together they looked to be a dangerous side but defensively and as a unit Dunston were impressively well organised and rarely afforded Albion many clear cut chances from open play.

Up top Dunston were industrious and menacing, Tadcaster presented a tough defence and on the occasions Dunston did get in behind them, they were met with resistance on more than one occasion by the quick reactions of substitute keeper Aaron Burn.

The **Daniel Wilkinson**
Foundation

*Providing Screening and Defibrillators to
prevent Sudden Cardiac Death in the young*

The Daniel Wilkinson Foundation is a charity set up in memory of Daniel Wilkinson who died in 2016 aged 24, while playing the game he loved, from an underlying heart condition called Arrhythmogenic Right Ventricular Cardiomyopathy (ARVC).

Dan played football from an early age and joined Hull City AFC when he was 10, earning a professional contract aged 18. Loughborough University followed where he completed a degree in Accounting and Financial Management while playing non-league football. He was an athlete who enjoyed the gym and took his health and nutrition very seriously. He lived life to the full and had so much ahead of him.

Other than feeling light-headed on a few occasions in the month before he died, he had no symptoms!

SUDDEN CARDIAC DEATH IN THE YOUNG (SCD)

- SCD is the leading cause of death in young athletes during sport and the majority of deaths occur with NO SYMPTOMS or family history.
- ARVC can be found in one in every 1,000 to 5,000 young adults - IF IT IS LOOKED FOR.
- Warning signs may include light-headedness, fainting, palpitations, swollen legs, breathlessness.
- Every week in the UK, 12 apparently fit and healthy young people (aged 35 and under) die from previously undiagnosed heart conditions.
- In Italy, where screening is mandatory for all young people engaged in organised sport, they have reduced the incidence of young sudden cardiac death by 89%.

OUR MISSION

The Daniel Wilkinson Foundation has been set up to raise awareness of SCD and to provide funding towards heart screening, defibrillators and CPR/defibrillator training primarily for grass-roots sporting teams.

Tragedies can be prevented through cardiac screening. It is vital that young people are identified and treated.

A History of Prescot Cables Football Club

Prescot Football Club was formed in 1884 and the first organised game of Association Football ever played in Prescot took place against the second team of a local St Helens side, St Thomas. Prescot lost 3-1.

The 1887-88 season saw Prescot reach the Final of the Liverpool Junior Cup, losing 3-1 to Aintree Church. Two seasons later, The Watchmakers claimed the trophy, beating their own Second Team (Prescot Swifts) in the Final. Winning the Junior Cup earned the club the right to compete for the Liverpool Senior Cup and Prescot reached the semi-finals at the first attempt, taking on Everton. The Toffees would claim the Football League championship that season, so their 8-1 win over Prescot at Anfield was no disgrace. Prescot would reach the semi-finals again the following season, losing to Liverpool Caledonians.

Prescot joined the West Lancashire League in 1889; the competition changed its name to the Liverpool & District League after one season. In 1895, Prescot won the Liverpool Senior Shield, beating Liverpool South End at Goodison Park in the Final. At the end of the 1894-95 season, the club joined the Lancashire Alliance and after two relatively successful seasons in this competition, took a further step up in 1897, joining the Lancashire Combination. However, Prescot struggled at the higher standard, finishing second-from-bottom. The club returned to the Lancashire Alliance, citing poor gate receipts and disproportionately high travelling expenses as the reason for their decision.

Prescot FC were Lancashire Alliance in Champions in 1899-1900 and then stepped up into the Lancashire League for 1901-02. A ground dispute resulted in Prescot dropping out of the league in 1902-03 and Prescot FC was dormant until 1906 when an athletic and football ground was opened at Hope Street the football club revived under the name Prescot Athletic FC.

Prescot Athletic started in the St Helens & District League and were runners up in 1906-07, after which they joined the Liverpool & District League. The 1910-11 season saw the reformation of the Liverpool County Combination, bringing teams from the Liverpool & District League into a two-division structure. Prescot Athletic were placed into Division One of the new set-up.

Leagues were suspended in 1914 for the Great War and the post-war Prescot club dropped 'Athletic' from its name and joined the Lancashire Combination Liverpool Section. In their first season, 1918-19, Prescot finished runners-up to Tranmere Rovers but did not fare too well the following season and the club returned to the more locally-based Liverpool County Combination for the 1920-21 season and spent a further seven years in that league, winning the George Mahon Cup in 1923-24 and 1926-27.

Such was the standing of Prescot FC at this time that in February 1928 they were invited to replace Fleetwood in the Lancashire Combination, taking over the defunct club's record and fulfilling their remaining fixtures. However, to do so, Prescot were required to sign an entirely new squad of players to play alongside the club's Liverpool County Combination team, which continued to play until the end of the season.

1928 was a major milestone for the club as it was in this year that the local cable manufacturing giant, BICC, donated a magnificent 1,000-seater stand to the club. In what was clearly an early form of commercial sponsorship, the club's name was changed to Prescot Cables prior to the 1928-29 season. At the same time, the club colours became black and amber to commemorate a bit of local industrial history, as the first successful insulated cable drawn at Prescot was covered with black and amber paper.

Having finished fourth in the Lancashire Combination in 1928-29, Prescot Cables applied for election to the Football League. The club received one vote, while York City gained sufficient votes to replace Ashington. Cables applied for

election again in 1930, but this time did not secure a single vote in favour. In October 1931, Cables applied to the Football League to take over the fixtures of Wigan Borough, who had been forced to resign, mid-season, due to financial issues. They were rejected by the League Management Committee.

With the Liverpool Senior Cup now restricted to Football League clubs and the Senior Shield discontinued, the club won the Liverpool Challenge Cup in three consecutive seasons; 1927-28, 1928-29 and 1929-30. In the latter campaign Prescott also reached the Final of the Lancashire Combination Cup.

Cables finished as runners up in the Lancashire Combination in three consecutive seasons; 1930-31, 1931-32 and 1932-33, before joining the Cheshire County League in 1933-34. They spent just three seasons in Cheshire before rejoining the Lancashire Combination for 1936-37 and were again Lancashire Combination Cup Finalists in 1938-39.

After the Second World War, Cables shared Hope Street with the 'A' Team of Liverpool FC and recruited a number of players released by the Football League club during this time. This helped Prescott to several cup successes at the end of the 1940s as the club won the Lancashire Combination Cup and Liverpool Challenge Cup, in addition to reaching the Final of the Liverpool Senior Medal.

In the early 1950s Cables yo-yo-ed between the first and second divisions of the Lancashire Combination, but the remainder of the decade represents the club's "Golden Age". Prescott won the Liverpool Senior Non-League Cup in 1951-52, 1952-53, 1958-59 and 1960-61, in addition to reaching the Final in 1956-57. The stand donated to the club in 1928 was destroyed by fire in 1960 and was replaced by the magnificent structure that dominates the ground today.

Cables won the Lancashire Combination Championship in 1956-57, and were runners-up in 1952-53, 1957-58 and 1958-59. They also reached the FA Cup First Round Proper in 1957 and again in 1959.

Prescot Cables changed its name to Prescot Town in 1964 but the club struggled and in 1975, it was voted out of the Lancashire Combination. Prescot Town joined the Mid-Cheshire League and won it in 1976-77. In 1978-79 they returned to the Cheshire County League, in Division Two, after an absence of 42 years. They finished third in that campaign after being deducted two points; the lost points cost the club second place and therefore promotion. The club did claim silverware, lifting the Liverpool Challenge Cup for the first time in three decades.

Prescot were Cheshire County League Division Two champions the following season, with Accrington Stanley as runners-up.

In 1980, the name of Prescot Cables was re-taken (only to be dropped again for five years between 1990 and 1995). In 1982, Cables became a member of the newly formed North West Counties League where they remained for 20 years. Prescot finished in the top 10 in NWCL Division One in all but one season from 1990 and enjoyed several good runs in the FA Vase.

In 2001-02, the club had its most successful season for over two decades, winning the League Cup and finishing as Division One runners-up, narrowly missing out on promotion to the Northern Premier League Division One.

Prescot went one better in 2002-03 and finished as champions of the North West Counties League Division One to win promotion to the Northern Premier League Division One. Ground improvements were carried out at Hope Street to meet the relevant regulations and ensure that Prescot could take their place in the higher league.

For the season 2004-05, Prescot found themselves playing at the highest level in their history. Due to a suitable finishing position, and a re-organisation of the National League System, Prescot took their place in the Northern Premier League Premier Division. As a result of a club being unable to fulfil their fixtures, and after the controversial intervention of the FA, Cables were elevated to fifth position in the final League Table. This gave Cables the opportunity to gain promotion to what is now called National League North, although defeat at Workington in the play-off semi-final ended that dream - for now!

The 2005-06 season saw a new football committee being formed from the Supporters Club. The assets and liabilities of the old club, Prescot Cables, were transferred over to a new legal entity, Prescot Football Club Limited, which continued trading as Prescot Cables Football Club. The new company would subsequently be reconstituted as a Community Interest Company owned hundreds of supporters who each pay a small annual subscription in return for

one share. On the pitch, the club produced another mid-table finish in the following season to avoid becoming involved in another non-league 'shake-up' that saw two regionalised First Divisions being created within the Northern Premier League ahead of the 2007-08 season.

That campaign was a more difficult one and during the club's final match, Prescott was 15 minutes from relegation. Two late goals secured a win at Lincoln United and survival. Due to how closely contested the division had been, Cables eventually finished in 13th place!

A lacklustre 2008-09 season saw Prescott propping up the Premier Division. Manager Andy Gray departed for Burscough. He was replaced by Joe Gibiliru who managed to bring some much-needed stability to the club as the team finished in mid-table in 2009-10. However, a significant change in personnel meant that Cables initially struggled during the following season. This led to Gibiliru being relieved of his duties around the time of the 'big freeze' in December 2010 and assistant Dave Ridler took over. He managed to secure Cables' Northern Premier League status for another season.

The 2011-12 season was a tale of five managers. Dave Ridler (who left for Australia in January 2012), Karl Bell and Karl Connolly all took charge for at least one match. Following the controversial departure of Shaun Reid to Warrington Town in March 2012, Joe Gibiliru took over for the remaining games. The team and club regrouped after the Reid fiasco to finish the season strongly, defying the odds to remain part of the Northern Premier League.

David Powell was the new man in charge for the 2012-13 season and assembled a virtually brand-new squad, which led to inconsistency during the early months of the campaign. The season was also disrupted by the condition of the playing surface and weather conditions forcing many postponements. When matches finally began in earnest in the New Year, Cables produced one of their most successful periods since the 2002-03 North West Counties League Championship season.

Circumstances arose that led to David Powell leaving the club ahead of the 2014-15 season. His replacement was Neil Prince, who kept the club in the Northern Premier League despite having limited resources at his disposal.

The 2015-16 campaign began disastrously, which led to Neil Prince being relieved of his duties. In came Andy Paxton who, with the same playing staff, managed to haul the team out of danger and finish the league season in their highest position for some time. Cables also reached the Final of the Liverpool Senior Cup.

Due to work commitments Andy Paxton had to step down from the role of First Team Manager in October 2017. The club moved swiftly to appoint Brian Richardson. Initially, the First Team struggled following the change of Manager, but an excellent second half of the season saw the club ease away from the relegation places and win the Liverpool Senior Cup for the first time, defeating Southport in the Final in front of more than 900 spectators.

Most of the squad remained with Cables for the 2018-19 campaign and was supplemented by some shrewd recruitment by Brian Richardson. Prescott spent virtually the entire campaign in the top six places and eventually finished fifth in the table, earning a place in the promotion play-offs. Trafford were defeated in the semi-final, but a 1-0 defeat at Bamber Bridge in front of more than 1,600 spectators saw Prescott miss out on promotion. However, a 4-0 win at Marine ensured that Cables retained the Liverpool Senior Cup, ensuring that a memorable season ended with a suitable reward.

Richardson led Prescott to their fourth consecutive Liverpool Senior Cup Final, the 2018-19 decider seeing more than 1,200 spectators inside Hope Street for a game between Cables and Southport. There were no goals during the 90 minutes and Prescott's grip on the trophy was finally ended after a penalty shoot-out. Cables also missed out on the promotion play-offs by three points and at the end of the season, Brian Richardson joined FC United of Manchester as their assistant manager, taking several players with him.

The remainder of the club's coaching staff stayed at Hope Street and Steve Pilling and Roy Grundy, who had both worked alongside Andy Paxton and Brian Richardson, were appointed as the new First Team Managers. They endured a frustrating and curtailed season in charge; a lack of goals meant that Prescott were marooned in mid-table, although the season was eventually declared 'null and void' following the spread of COVID-19 around the world. Pilling and Grundy left the club during the summer of 2020, with highly-rated young coach Craig Davies appointed as Cables' new manager.
